The
Date
Saturday
October
24th

- **WHAT** 1,250 pumpkin seeds were planted outside the mill on July 28th. On October 24th we will harvest and distribute our first crop.
- **WHERE** 21 Cove Street Mill New Bedford 02744
- **WHEN** National Make A Difference Day
Saturday, Oct 24th, 10AM
- **WHY** Because.

In this time of great hope, we have a unique opportunity to come together to support all our children.

Eighteen summer employment students, (The Green Brigade - PAACA) cleared the land, built and cultivated 1,800 sq/ft of raised planting beds. The Green Brigade also grew vegetables and helped clean up our neighborhood. Along the way they made field trips, heard speakers, built new friendships, learned some serious things and made a tangible difference in their own lives and in their community.

"What if there was a place where kids could work for social justice and in their "doing" come to experientially understand the power of giving?"

Specific program details to follow.
